

Labyrinths Mysteries and Methods

Just posted a video supplement to my 2020 Bridges Paper “Labyrinths Mysteries and Methods,” on my youtube channel [rogerburrowsimages](https://www.youtube.com/watch?v=z5td10JrcrU)

The paper and the supplement present five methods for constructing labyrinths that can be used to create ancient labyrinths or used to create new ones as far as imagination will allow.
