From Sunflowers to God’s Divine Architecture of Life.

In response to questions from readers of the “Visual Thinking, Seeing Through Time” book series (ebook and print formats) I’ve added a SUPPLEMENTS page to this website. This is the first! “From Sunflowers to God’s Divine Architecture of Life.” This supplement relates to Book 1, Chapter 5, Ancient Egypt. It also covers Book 2, Chapter 7, Ancient Greece. Additionally, it relates to Book 5, Chapter 19. This chapter, titled New Parameters, details the Golden Prism. You can find the sphere lattices towards the end.
